

WHISKY MENU

Whisky & Alement is currently under renovation
and will reopen on Friday 15th February.

During this period we'll be operating a slim menu full of fresh
new whiskies.

If there is something that you would like to enjoy, but do not
see on the menu, please ask. You never know what we have
hidden out the back!

RECOMMENDATIONS

There's a reason we don't offer tasting notes in this
menu. We're here to help. Our small team of whisky
lovers are dedicated to finding a dram that fits your
tastes, interests and budget. Simply head up to the bar
and open the conversation.

CAPTAIN PLANET'S DRAM SELECTION

There are some single malt whiskies that we just can't do without.
This is a list of those classic malts.

COMPLEX DISTILLING REGIMES:

In an effort to stand out from classic double distillation, some distilleries have adopted complex regimes where 2.5 and even 2.8 distillations are performed. Flavours and spirit character range from clean and grassy to tropical fruit candy. Can you spot the difference?

WORM TUBS: TURNING ALCOHOL VAPOUR INTO LIQUID

Usually associated with rich, heavy whiskies, this piece of equipment, which some (usually Victorian-era) distilleries possess, removes less sulphury compounds from a spirit. With time in barrel, they become unctuous and full of luscious fruit character. Worm tub spirits can be arranged into three distinct flavour categories:

THE CELLAR COLLECTION

DRAMS FRESH OUT OF MIDDLE EARTH

Like opening a time capsule, these whiskies were daring for their time, no doubt foreign to the traditionalist. These drams will make you think.

			<u>bottler</u>	<u>distilled</u>	<u>30ml.</u>
CANADIAN CLUB 1968 LABEL	-	-	OB	-	29

These Canadian "Bottled in Bond" tax stamps were from the first "Bilingual series" used between 1972 and 1988. This particular bottling bears the signature of G.L. Bennet. The deputy minister for national revenue. They were based upon the youngest distillate in the batch. In this case, all the casks in this batch were distilled pre '68.

CLYNELISH 12 YEAR OLD MARSALA FINISH by Wilson & Morgan B 2008 WM				1996	46%	24
---	--	--	--	------	-----	----

The first modern bottler to experiment with the Sicilian fortified wine casks. Marsala is aged in a system similar to the solera system for sherry.

CLYNELISH 18 YEAR OLD TOKAJI FINISH by Wilson & Morgan B 2008 WM				1997	53.3%	37
--	--	--	--	------	-------	----

A rare opportunity to try a whisky aged in a Tokay cask. This Hungarian fortified only gained geographical indication in 2007. Only 5,500 hectares of vines remain of the native Furmint grape variety. Tokay cask matured whiskies only became prevalent in 2004 but are still rare.

CRAGGANMORE 14 YEAR OLD by Gordon & MacPhail	-		G&M	1971	40%	39
--	---	--	-----	------	-----	----

The Gordon & MacPhail Connoisseurs Choice Brown labels were produced between 1980 and 1988, during which time only 8 bottling runs of Cragganmore were released. Vintages, 2x 1968, '69, '70, '71, '72, '73. Prior to this 1971 bottling we can only trace six older representations of the distillery that exist in single malt format.

SPRINGBANK 12 YEAR OLD CLARET CASK finished in Claret for 3 years			OB	-	54.4%	36.5
---	--	--	----	---	-------	------

87 points from Serge Valentin in 2010 when it was released. The term Claret has been used in this instance as a nod to the "Auld Alliance" between France and Scotland. Between 1295 and 1560 the alliance gave Scottish merchants the lucrative ability to trade in Claret, which we now know as wine from the Bordeaux region.

LAST DROPS

In 2018, Whisky & Alement added over 400 new bottles to the shelves. Staying up-to-date with them all is nearly impossible, so here's a reminder of some of those gems.

CASKS BY THE CODE, (NOT DISTILLERY)

The Scotch Malt Whisky Society is the world's largest members whisky club in the world. Each month the society release a number of their own exclusive bottles, each from a single cask, and with their own unique tasting notes. Forget the code and let whimsy, nostalgia and curiosity guide you to new flavours.
