## RARE & OLD

- THE BALVENIE 27 YEARS "DISTANT SHORES"** Caroni rum cask finish - - 48% 172.5  
 One of the rarest expressions from Balvenie, this single malt whisky has spent 7 long years in one of the world's most sought-after Rum barrels, Caroni. Caroni Trinidadian Rum distillery was closed in 2002, so there is only a limited supply of barrels left.
- CAPERDONICH 21 YEARS** Matured in a refill hogshead, by Whisky Sponge 2000 55% 59.5  
 Originally built in 1898 and known as Glen Grant #2. The distillery was mothballed in 1902, only to be reopened and renamed Caperdonich in 1965. Unfortunately, it was mothballed again in 2002 and was demolished in 2011. Due to this, there is only a limited number of casks left.
- GLENDRONACH 31 YEARS SINGLE CASK** Refill Oloroso butt by North Star 1991 44.4% 183  
 Distilled in November 1991, this whisky comes from a time when Glendronach's stills were directly fired by coal and the whisky was lightly peated. This bold Single Cask is one of only 346 bottles by Glasgow independent Bottler, North Star.
- GLENFARCLAS 34 YEARS FAMILY CASK** Refill sherry butt bottled 2022 - 1988 49.5% 138  
 One of the last family owned distilleries in Scotland, this special release by Glenfarclas celebrates the sixth edition of the family cask series. This whisky was laid down 34 years ago in a refill sherry butt.
- HAKUSHU 18 YEARS** - - - - 43% 123  
 Hakushu situated in the Japanese alps 2,300 meters above sea level. Utilising pristine waters and it's microclimate, Hakushu does the work of 10 distilleries. Using a combination different fermentation processes, still designs and casks to create a rich flavour profile. Only a limited amount of Hakushu 18 year old comes to Australia each year. With tasting notes of Wakame seaweed, fragrant pine needles, lemon leaf and spearmint marshmallows.
- HAKUSHU 18 YEARS** Bottled in 2014 - - - - 43% 165  
 Hakushu situated in the Japanese alps 2,300 meters above sea level. Utilising pristine waters and it's microclimate, Hakushu does the work of 10 distilleries. Using a combination different fermentation processes, still designs and casks to create a rich flavour profile. Only a limited amount of Hakushu 18 year old comes to Australia each year. With tasting notes of thistle, sandalwood incense, moss covered rocks and peach oolong tea.
- HAZELBURN 21 YEARS** 2022 release - - - - 46% 78  
 Distilled at Springbank distillery and named in honour of the now extinct, Hazelburn distillery, that closed its doors in 1925. This style of whisky stands out due to its unique triple distillation process and is matured in the finest sherry and bourbon cask.
- THE MACALLAN 18 YEARS SHERRY CASK** - - - - 43% 74  
 An iconic distillery famous for its high-quality sprits and consistency. Macallan is well known for working with amazing sherry bodegas in Spain, hand selecting the best oloroso casks for their whiskies.
- MIYAGIKYO BOURBON WOOD FINISH** - - - - 46% 69.5  
 A special release for French retailer La Maison Du Whisky for the European market. This limited edition was released in 2018 to show case Miyagikyo's fruity characteristic and rich aroma.
- OLD RHOSDHU 28 YEARS** (Loch Lomond) by The Whisky Agency / 3Rivers Tokyo 1990 48.3% 70  
 This style of single malt whisky has not been made at versatile Loch Lomond since 2000. Making this whisky a relic of their past and unlikely to be seen again.
- WILLET STRAIGHT BOURBON 10 YEARS** - - - 2012 53.4% 63  
 Aged in hand selected virgin white oak barrels for 10 years, this Willet is an Australian exclusive of only 184 bottles. Bourbons over the age of 10 years are hard to come by, as it is easy to over extract oak flavour from virgin wood.
- YAMAZAKI "BOURBON BARREL"** 2013 edition - - - 48% 130  
 Released in 2013 as a special release, this whisky is a real foray into what Yamazaki spirit should taste like. This expression showcases the elegance in the blending at Suntory, with the impressive breadth of spirit styles, they brings these components together to showcase a perfect expression of Japanese whisky.
- SMWS 12.62 "HEAVEN-SENT" 31 YEARS** Finished in a 1<sup>st</sup> fill ex-P.X. butt 1989 57.9% 82  
 Using barley malted on their own malting floors, this Speyside whisky originally was aged in an oloroso butt for 29 years before being transfer to a fresh Pedro Ximenes to give it a rich, full flavour.

**SMWS 50.116 "SUN-KISSED ISLAND PARADISE" 31 YEARS** 2<sup>nd</sup> fill ex-bourbon barrel 1990 45.8% 94.5  
Same Distillery as above, this distillery was purchased by Australian, David Prior, in 2015. This cask incredibly lost over 16% of it ABV over its 31 years.

**SMWS 141.2 "PROWLING THE UNDERGROWTH" 6 YEARS** 1<sup>st</sup> fill ex-bourbon barrel 2015 60.6% 48.5  
This is an unusual single malt as it comes from a Danish distillery. Every summer the founder Jens-Erik hikes into the mountains and collects nettles, which they used to smoke the malted barley used in their single malt.

## PEATED

**HAKUSHU 18 YEARS "PEATED MALT"** Celebrating 100 years of Suntory - - 48% 327  
While Hakushu single malt is released as a peated whisky every year, they produce a varying scale of peated spirit destined to release at different ages, so the peat level is consistent throughout the range. This release is spirit that was peated at a higher level to reach a higher age, although it reached maturity much earlier. Perfect to celebrate a century of Japanese whisky.

**(LAPHROAIG) SECRET ISLAY DISTILLERY 31 YEARS** Ex-hogshead by the Whisky Agency 1990 51.2% 111  
Specially bottled for the Chinese market, this 1 of only 214 bottles released globally. Laphroaig is a well-known brand however it is not very common to see a Laphroaig released at this age. As Laphroaig ages this loses its heavy peat flavours and becomes more fruity with lighter smoke.

**LONGROW 21 YEARS** Matured in a 1<sup>st</sup> fill sherry hogshead - - 40.5% 78  
Distilled at Springbank and named in honour of the long closed Longrow distillery, that closed in 1896. This is Springbank's peatiest style of whisky. The barley is smoked for 48 hours using 2 parts wet peat and one part dry. Only 30,000L of this spirit is made each year.

**PORT CHARLOTTE 13 YEARS** 1<sup>st</sup> fill bourbon cask, Dramfool's Jim McEwan Signature 2009 62.9% 69.5  
This single cask expression was hand selected by the legendary distiller, Jim McEwan, for Dramfool. This 13-year-old show casks Bruichladdich's medium peated whisky. At a ppm level of 40, this whisky is as heavy as Laphroaig and Lagavulin.

**YAMAZAKI "PEATED MALT"** Tsukuriwake series, 2022 edition - - 48% 75.5  
Released as part of a limited 4 bottle collection released in 2022 to celebrate 30 years of the Yamazaki 12 year old. This collection show cases the components of Yamazaki 12 year old, Yamazaki does a limited run of peated spirit each year, it is rare to be able to try this spirit on its own.

## THE LARGEST ARCHIVE ON POUR IN AUSTRALIA

Since 2012, Whisky & Alement have worked closely as a partner bar of the Scotch Malt Whisky Society. We are proud to offer the largest selection of SMWS bottlings in Australia by the dram to member and non-members. Prior to the outbreak of COVID-19 Whisky & Alement were able to stock every bottling from every outturn but we now have to tighten our selection a little and may not carry every dram for a while. We ask for your understanding if your bottling isn't available.

## THE NEVER ENDING CASK

The Never Ending Cask is a collaboration between The Scotch Malt Whisky Society and Whisky & Alement that allows whisky enthusiasts to try a dram directly from the barrel. This is a unique experience and unlike any bottled whisky.

The initial fill was from a single Islay distillery. It has been finished in our 20 litre sherry cask for over 5 years and comes to you as a cask strength blended malt.

Please take time with this dram as it needs a considerable amount of time to breath. Some cask sediment may appear in your dram, this is completely normal and no cause for alarm.
